

ADG Grants Program

Purpose: To provide financial assistance for activities that grow Disc Golf throughout Australia.

It is envisaged that grants will fall into one of three categories:

Category 1: an activity or event e.g. a new school gala day or youth competition.

Category 2: an infrastructure project: e.g. part of the cost of a disc golf course being installed

Category 3: development of resources e.g. Resources for teachers and schools

Funding amounts: Up to \$1000 may be allocated each year with a maximum of \$1,000 per grant. Any unallocated amount will not be rolled over for future years.

Grants will not be made for the full cost of activities falling into categories 1 & 2. It is expected that part of the cost of these activities will be funded by State Disc Golf Associations, clubs, government grants or direct revenue from the activity.

How to apply for a grant: Applications for grants can be made on the attached form. Applications are to be submitted to the ADG Board via grants@australiandiscgolf.com. Applications will be considered by the ADG Board and the recipients announced forthwith.

All applications must be made either by or with the support of a State Disc Golf Association or ADG affiliated club.

Criteria against which application will be judged: The ADG Board will consider the following criteria in determining which applications will receive funding:

- Outcomes of the activity e.g. will the activity bring in new members? Will the activity better support existing members? How will the activity provide value?
- Contributions from other stakeholders including State Disc Golf Associations and local clubs.
- Level of volunteer support for activity.
- Fair allocation of grants between regions and activities.
- Evidence of how the grant is going to be administered.

Requirements of the grant: Funds must be claimed within 12 months of the grants being announced. Recipients are required to provide a report to the ADG Board upon the completion of the activity for which they have received funding.

How will the grant be paid:

Category 1: Upon receipt of a finalised budget no more than 30 days before the event.

Category 2: Upon receipt of a finalised budget, to the ADG Board.

Category 3: Unless a system of part payment is agreed upon in advance, upon submission of the finalised resource to the ADG Board.

ADG Grants Program Application form

Grant applicant: _____

Responsible person (if grant applicant is a club or association): _____

Postal Address: _____

Contact telephone number: _____

Email Address: _____

Title of Activity: _____

Category (please select) 1: Event 2: Infrastructure 3: Resource

Requested amount: _____

Information about activity - Please describe the activity for which you are seeking funding (max 500 words).

E.g.

- What is the idea?
- What are the overall objectives?
- Who would be responsible for reporting? What would be reported?
- Would the project look to continue with further funding at a later date?

Benefits of the activity – What benefits will the activity have? E.g.

- Will the activity grow the number of people playing Disc Golf?
- Will the activity increase awareness amongst the community of Disc Golf?
- Will the activity assist in the administration of regional disc golf associations?

Timeline for activity (When will the activity start and finish?)

Support for the activity – Please describe the support you have from a State Associations and any club, government, council, business or individual for the activity.

Proposed budget for activity (please indicate funding from other groups & any direct income)

Income	Expenditure
